## Launch Your Career in Medical Assisting

**Why choose our program?** With **flexible learning options**<sup>1</sup> that fit your life, our Medical Assisting program is designed to prepare you to serve as a vital member of the healthcare delivery team and perform a variety of clinical and administrative tasks. In addition to classroom training, students gain **hands-on experience** via an **immersive 160-hour practicum**, with our team helping you find and secure your placement in a local healthcare setting. You'll also receive personalized **licensure preparation and guidance** aligned to your state requirements.

### How you'll learn:

**Montgomery Hybrid:** All courses, except clinical classes and the practicum, are completed online.

**Online Programs:** All courses are completed online, with the exception of the practicum.

1 Clinical/medical programs have a required in-person clinical, practicum, or externship requirement. We cannot guarantee flexibility in these components of the program.
