Bachelor of Science
in Nursing (RN-BSN)

Advance Your Nursing Career with Confidence

Why Choose Our RN-BSN? Our **CCNE-accredited** RN-BSN program is designed to help **increase your professional skills and opportunities** as a registered nurse. Further your knowledge of nursing research, community health, physical assessment, disease prevention, patient care technologies, and more. With **dedicated mentorship and support**, you have the opportunity to expand your nursing and leadership abilities for today and well into the future. After meeting admission requirements and transferring approved credits, you may complete your BSN **in as few as 57 credits** for **as little as \$14,535** with no additional fees.*

How You'll Learn: Take RN-BSN classes **100% online** for maximum flexibility and convenience, and get valuable in-person clinical experience in local settings.

100% online

Dedicated mentorship
and support

*57 credits assumes academic progression throughout the program. Additional costs for course retakes.

Graduates are required to pass the national certification exam and obtain a state license in order to work in the field. (Exam names vary by program.) Please refer to the State Professional Licensure Determination and National Certification/Licensure section of the university catalog for additional information. South University cannot guarantee each graduate will pass the required licensure examinations. South University does not promise or guarantee licensure, employment, or salary amounts.

Build the skills to:

- Synthesize research, theories, and concepts from nursing and other disciplines
- Collaborate with other healthcare professionals using various resources and technologies in the advanced nursing leadership role
- Apply critical thinking skills to establish priorities, delegate responsibility, make decisions, and maintain accountability in nursing
- Deliver evidence-based, comprehensive, and holistic nursing care, using the nursing process and systematic inquiry to promote health and quality of life for diverse populations
- Use ethical and legal practice standards to assist with healthcare quality improvement

Committed to Excellence in Nursing Education

The Bachelor of Science in Nursing, Master of Science in Nursing, and Doctor of Nursing Practice programs at South University are accredited by the Commission on Collegiate Nursing Education (www.ccneaccreditation.org).
