

Elevate Your Clinical Practice & Leadership

Why choose our DNP? If you want to achieve the **highest levels of clinical excellence**, our **CCNE-accredited** Doctor of Nursing Practice (DNP) could help expand your professional impact and **unlock new career opportunities** in nursing leadership and management. Designed for working advanced practice nurses, our DNP courses can equip you to incorporate **advanced clinical inquiry, practice, and leadership** into your existing repertoire of skills and knowledge. The program culminates in a capstone project where you explore a clinical issue of your choosing with personalized guidance and support from a DNP faculty member.

How you'll learn:

Whether you enroll online or through a campus, our DNP program features online courses and in-person practicum experiences.

Online courses

In-person practicum experiences

Build the skills to:

- **Use contemporary healthcare science to advocate for policy change** that supports resolution of complex healthcare problems and disparities
- **Provide scalable solutions for real-world systems problems** that integrate information technology and informatics
- **Evaluate scientific findings** on health promotion and disease prevention and impact on transformative care and outcomes
- **Provide the highest level of nursing practice** through integrating advanced competencies in leadership, ethics, and the practice sciences, including biophysical, psychosocial, analytical, organizational, and public health sciences
- **Demonstrate organizational and care systems leadership** for quality improvement through advancing nursing practice

Committed to Excellence in Nursing Education

The Bachelor of Science in Nursing, Master of Science in Nursing, and Doctor of Nursing Practice programs at South University are accredited by the Commission on Collegiate Nursing Education (<http://www.ccneaccreditation.org>).
