Memorandum of Understanding- Student Success Grant

The following information outlines the eligibility requirements and conditions for the Student Success Grant (The "Grant"). All students currently awarded the Student Success Grant will be reviewed for both the full time and part time award amounts. All requirements are student driven, and are not subject to a committee. South University is offering the Student Success Grant to assist students who previously attended South University and were unable to complete their educational program and are seeking to return. South University understands that students who were unable to complete their program may experience financial hardships when seeking to return. This Grant is designed to provide financial assistance to students who wish to return to South University and owe a balance for the prior enrollment. This Grant is contingent upon acceptance into the following undergraduate level programs at South University: Allied Health Science, Paralegal Studies, Accounting, Business Administration, Criminal Justice, Healthcare Management, Information Technology, Legal Studies, Psychology, and Public Health. For students enrolled in these undergraduate programs: Nursing, Physical Therapist Assistant, and Occupational Therapy Assistant; the students last date of attendance must have exceeded one year prior to the reenrolling in order to be eligible for the grant.

Eligibility Requirements:

- (1) Must be a returning student with a prior enrollment history who is accepted into the program and begins classes on or after 02/21/19.
- (2) Must have a balance incurred during a prior enrollment(s) and have a financial shortfall in covering this balance after all applicable funding is applied. The total Grant amount will not exceed a maximum of \$3,000.

For students attending at a part time enrollment level; 8 to 11 credits per quarter, the maximum grant amount will be \$1,500. Please refer to the institution's catalog for enrollment level descriptions.
 - If credit hour expectation as noted above is not achieved due to student being at the end of their program or due to course availability, the Grant amount will be prorated. The prorated Grant amount will be the amount of the maximum Grant, divided by the number of full-time enrollment credits required in the first three quarters (or less for those students who only have less than three quarters remaining) multiplied by the total credits enrolled. For example, a student taking 16 credits over two quarters will have a maximum Grant amount of \$1,334 $(\$3,000 / 36) \times 16$.
- (4) Students enrolled in Allied Health Science, Paralegal Studies, Accounting, Business Administration, Criminal Justice, Healthcare Management, Information Technology, Legal Studies, Psychology, and Public Health must have minimum Cumulative Grade Point Average (CGPA) of 2.0 at time of disbursement. Student Success Grant Expectations:

- (1) The total Grant amount is based on the remaining balance owed to South University at the time of re-admission from the prior enrollment after all eligible funding is applied and will not exceed a maximum Grant amount of \$3,000, unless the student has 2 or less quarters remaining. If a student has 2 or less quarters remaining, the maximum Grant amount is \$3,000, or less depending on credits remaining.
- (2) The Grant will be disbursed after the successful completion of each quarter of enrollment. The total grant amount will be disbursed evenly in each of the 3 (three) quarters. In the event a student has 2 (two) or less quarters remaining, the Grant amount will be disbursed in only those quarters in which the student is taking classes.
- (3) In the event the student withdraws or ceases enrollment, the student is ineligible for any future disbursements of the grant. The Grant is a one-time offering for returning student; students are ineligible for the grant upon a future re-entry.

For those students electing to receive the Grant, South University will adjust tuition charges to the VA. This grant is to have no cash value to the student.
- (5) The student understands that the Grant assists in the reduction of student loan debt (which must be repaid to the holder of loans with interest).
- (6) If the student is eligible for and elects to receive a loan(s), the student's loan(s), in combination with all other financial aid/benefits and the Grant, cannot create a credit balance during the student's loan period or academic year. - (7) The Grant has no cash value and any credit from this grant will not result in a stipend to the student. The amount of the Grant is applied upon disbursement as follows: (i) against any amounts owed by the student to the institution, with the oldest amounts paid off first, and (ii) after any past due amounts owed to the institution are repaid, against tuition and fees owed for the current and future academic term(s).
